BUILD-TO-SUIT DEVELOPMENT OPPORTUNITY IN THE HEART OF KEARNY MESA

IL-2-1 ZONING

IL-2-1 allows a mix of light industrial and office uses with limited commercial. The purpose of the IL zones is to provide for a wide range of manufacturing and distribution activities. The development standards of this zone are intended to encourage sound industrial development by providing an attractive environment free from adverse impacts associated with some heavy industrial uses. The IL zones are intended to permit a range of uses, including nonindustrial uses in some instances.

KEARNY MESA | THE CENTER OF SAN DIEGO

Kearny Mesa is known as a diverse employment area with leading companies and quality jobs that connect the region to the global economy. Office and industrial space in the Kearny Mesa submarket exceeds 22.9 million square feet. 4285 Ruffin Road is located amongst well-known headquarters for companies such as Cubic, Kyocera, Solar Turbines (Caterpillar), Tesla, Illumina, Raytheon, Amazon, Northrup Grumman, Senior Aerospace Jet Products, Jack In The Box, and a number of other organizations who offer prospective tenants and buyer occupants locational credibility and geographical desirability. Historically major industries have included insurance companies, defense contractors and financial services; however, the region's magnetic appeal has continued to attract companies in more industries and sectors – 65% of San Diego's jobs are within a 10-mile radius.

The property is strategically located where employers can attract talent with minimal commute time due to proximity to housing options. Due to the centrality of the Kearny Mesa submarket, it appeals to occupants of all industries – financial services, logistics, department of defense operators, manufacturing and service companies who have a need for county wide-access.
